

A thing is right when it tends to preserve the integrity, stability, and beauty of the biotic community. It is wrong when it tends otherwise.

– Aldo Leopold

SCI Foundation® Sables are leaders in wildlife education to preserve the hunting heritage worldwide. Sables women and men help advance outstanding SCI Foundation programs that instill a love of the outdoors and respect for nature.

Founded in 1984 by the women of SCI®, the Sables work with SCI Chapters and members to encourage spouses and partners of hunters to nurture the hunting tradition among future generations.

Sables support helps SCI:

- Maintain the nation's most comprehensive *Becoming an Outdoors Woman* program.
- Expand the reach and enriching educational opportunities at the SCI Foundation's **American Wilderness Leadership School®** in Jackson, Wyoming.
- Enhance exhibits at the SCI Foundation's International Wildlife Museum, a treasured natural history museum in

Tucson, Arizona. Tens of thousands visit this facility each year, learning about the key role that legal hunting plays in effective wildlife management programs.

- By producing *Wild About Cooking™*, a cookbook for the **Sportsmen Against Hunger™**, program, which features specially designed recipes for soup kitchens and institutions that feed large numbers. **Sportsmen Against Hunger** annually provides quality game meat to feed more than 230 million people throughout the United States.
- Create and distribute educational videos, as well as *Safari in a Box™* curriculum kits for schools.

You can help Sables advance these and other important programs with a Sables Membership. In addition to expanding your circle of friends, you'll receive the Sables newsletter quarterly.

Learn more about the Sables at www.sci-foundation.org, or call 888-553-5838 toll-free.
